### Import of Products for Bhumijo Smart Wash Center Technology

**Background:** 21 million people live in Dhaka metro, yet only 58% of urban residents use improved sanitation. Without proper sanitation, 42% urban poor live an unhealthy and undignified life. Dhaka metro has only around 50 usable public toilets for 21 million people. As a social enterprise, Bhumijo is working to ensure clean and hygienic public sanitation. Through smart and consistent service delivery we ensure an exceptional public sanitation experience for all. To improve the service quality Bhumijo have taken initiative to develop smart wash center technology.

**Objective:** To import the necessary hardware components for Bhumijo's smart wash center technology.
